chemistry W This section is intended to equip students with
the tools to understand organic reactions through the
framework of the functional group level, to suggest reagents
and conditions for the transformations they have studied when
encountered in unfamiliar reaction schemes, to consider the
three-dimensional nature of organic reactions, and to
understand mechanisms of organic reactions and the acid-base
properties of organic molecules.

Don't speak. Yury Fedotov, provided a platform for a
discussion on strategic matters, including strengthening the
UNODC financial situation and governance, the UN reform and
its implications for UNODC, mainstreaming a gender perspective
into the practices, policies and programmes of UNODC, as well
as the geographical representation and gender balance in the
